References to matter appearing only in the earlier editions are given thus : (5*) =*** edition ; (4*) =**** edition, &c. Changes of page or column are also noted.**

In each entry the first numeral indicates the day of the month and the second the page. The letter in italic type indicates the column of the page : for reference purposes the columns of each page are supposed to be lettered from left to right—a, b, c, d, e, f, g.
